Help job seekers easily apply to your jobs from anywhere

50% of worldwide job search traffic comes from mobile devices and tablets, but people generally can't apply from these devices to the jobs they find. When you add Indeed Apply to your jobs, candidates can apply directly from their iPhone, iPad, Android or Windows mobile device.

Easy to apply from a mobile device

Attract more qualified candidates

- Allows people on any device to apply to your job
- With Indeed Apply, jobs stand out in search results

Improve your application experience

- Our product is continuously tested and optimised across millions of applications
- Provides the best experience for candidates and the highest conversion rate for employers

Works for any employer

- Receive applications through your applicant tracking system or by email
- No change to your hiring process; applications can include resume, cover letter, and screening questions
